**POLISHED DAILY FREE—** ALL SHOES PURCHASED AT BARDEN'S Men's shoes exclusively. 150 North Spring street.

**LIFE FOR LIFE.**  
How Chinese Officials at Ku-Chang Measure Justice.  
(REGULAR ASSOCIATED PRESS REPORT.)  
SHANGHAI, Sept. 15.—(By Asiatic Cable.) The Chinese officials at Ku-Chang are proving obstinate over the results of the inquiry into the outrages upon missionaries and in refusing to sentence the guilty. They offer one life for each European who was killed, and no more.

**THE COMMISSION WORK STOPPED.**  
NEW YORK, Sept. 15.—A World special from Foo Chow says that Chinese refuse to execute a single murderer implicated in the massacre of missionaries unless they are assured that the execution of the men accused all other demands shall cease. The work of the British-American joint commission is therefore stopped. Without the presence of a foreign fleet no punishment for the massacre is probable. The Vegetarians are relying on official sympathy to begin sealing and torturing Christians.

**WILLIAM HORNBLLOWER.**  
He Will be Asked to Take Justice Jackson's Place.  
(REGULAR ASSOCIATED PRESS REPORT.)  
WASHINGTON, Sept. 15.—It is learned today that President Cleveland has determined to offer to William Hornblower of New York the place on the Supreme bench made vacant by the death of Justice Jackson.

The President has been in communication with Hornblower and the latter has declined the appointment, provided there can be no doubt of his confirmation by the Senate. It is well known that Senator Hill will make no objection to the confirmation of Hornblower and that apparently leaves his chance good for confirmation. The President's admiration of Hornblower is well known and he was the first name thought of after Justice Jackson's death.

**Across Country on Bikes.**  
NEW HAVEN (Ct.) Sept. 15.—Edward E. Watson and wife of Boston, who are on their way to San Francisco on bicycles, are here today. They are to cross the Bad Lands in Arizona. The trip is made on a wagon of \$200.

Dispatches were also received from Chicago, Butte, St. Louis, Seattle, Sydney, Omaha, Council Bluffs, Rome, Philadelphia, Tampa, N. Y.; City of Mexico, Madison, Wis.; New Haven, and other places.

**WEATHER FORECAST.**  
SAN FRANCISCO, Sept. 15.—For Southern California: Fair; stationary temperature; fresh westerly winds.

**A FESTIVE BOARDER.**

**PROF. GLICK'S WAY OF GETTING ALONG.**

**An Alleged Los Angeles Curio Who Claimed Relationship to Gen. Grant, Gen. Guilek and One of the Drexels Defrauds His Landlady.**

(BY TELEGRAPH TO THE TIMES.)  
NEW YORK, Sept. 15.—(Special Dispatch.) In June last Prof. Glick of Los Angeles, who was then stopping at the Broadway Central Hotel, called on Mrs. M. D. Sullivan of No. 31 West Sixty-sixth street, who had advertised rooms to rent.

He said that his remittance would not reach him from California, where he had large financial interests, until July 15, and she made no request for cash in advance, especially as her caller said that he was a nephew of the late Gen. U. S. Grant, after whom he was named, and also a cousin of Gen. Guilek of Kansas, although he spelled his name without the letter "u." He also added that he was a brother-in-law of one of the Drexels, who married his only sister, Helen.

But on August 9 Glick told her that he wanted a little more delay. On August 12 he said that he had got the draft arranged for, and later that day she received a message from Glick, who told her that he had deposited \$100 to her credit. On August 14 another letter came, which said that he had suddenly been called to Reading by an attorney of the Philadelphia and Reading Railroad, who had a golden chance for him.

That was the last that Mrs. Sullivan had heard of her former boarder. He has never paid the \$130 or so of indebtedness, a great share of which was money collected from other boarders of Mrs. Sullivan's, whom he told he had been asked to their cash by Mrs. Sullivan to forward to her when she was out of town.

**BOUND TO BLAZE.**  
A Frame Building at Ballard, Wash., Partly Consumed.  
(REGULAR ASSOCIATED PRESS REPORT.)  
SEATTLE (Wash.) Sept. 15.—This evening a two-story frame dwelling on Leary avenue, Ballard, was partly destroyed by fire. The first story was occupied by J. N. Donohue and family and the second story contained the household furnishings of Mrs. F. C. Shirkell, who is away on her wedding tour. The fire was caused by a lamp. A few buckets of water quenched the flames.

A few minutes later, fire broke out in the second story of the house. The firemen, by quick action, saved the building. Donohue figures his loss at \$500, with an insurance of \$500. The loss on the building, which is owned by T. H. Philbrick of Ross, is \$300.

**ORIGINAL MAN.**

**His Bones are Dug Up in Colorado.**

**Has Been Dead Fifteen Hundred Thousand Years.**

**Darwin Did Not Insult Him When He Called Him a Monkey.**

**A Sample of the Four-toed Horse Which He Used to Rid Will Also Be Found in Central Park—Its Wayback Pedigree.**

(BY TELEGRAPH TO THE TIMES.)  
DENVER, Sept. 15.—(Special Dispatch.) Prof. J. L. Wortman, paleontologist of Columbia College, New York, and one of the leading scientific scholars of the world, arrived in this city yesterday and is a guest at the Oxford Hotel. The professor is on his way home after an expedition of six months along the northern and western lines of Colorado, and accompanied on his trip by a party of Columbia College students who preceded him on his way East.

The object of the summer's work was to look up several "missing links" which were required in the Museum of Natural History at Central Park, New York. The object was attained. In addition the expedition made a discovery which cannot fail to create a profound sensation in the scientific world. The discovery was not down upon the programme, and was as unexpected as it was surprising.

Prof. Wortman has brought to light "The Original Man." The bones of this much-wanted individual are now en route to New York. They are wrapped in cotton and never, perhaps, was a package more carefully prepared for a long journey by rail. When it is remembered that the precious bones were the framework of a being that lived and moved 1,500,000 years ago and that the skeleton is the only one of the period that has ever been found, the importance of the discovery can be estimated.

In the opinion of the lucky finder, the dry bones establish beyond peradventure the truthfulness of the Darwinian theory. From the time the long-neglected skeleton was unearthed in a fireproof museum in New York the world of science and letters must bow its acknowledgments to the doctrine that the claims of evolution are based on fact. Man has ascended from monkey, and the religious teachers of civilization must revamp theology. Such were the conclusions of those who heard the story of the "find," as related by the New York savant yesterday.

"Another find," said the professor, "and one in which the general public may be interested, was the skeleton of what is known as the 'little horse.' This horse was the ancestor of the present species. It may, perhaps, surprise you if I say that this ancestor was no larger than a modern dog, in some respects a single toe, he had no less than four toes on each of the forefeet, and three on the hind feet. The story of the evolution of the horse is one of the most convincing proofs of the doctrine of evolution. We now have materials to demonstrate the evolution of the remarkable animal from its primitive beginning, away back in the commencement of the eocene period, at least 1,500,000 years ago, up to the present moment."

**THE SAINTS.**

**Opening Session at Council Bluffs—Joseph Smith III.**

(REGULAR ASSOCIATED PRESS REPORT.)  
COUNCIL BLUFFS (Iowa), Sept. 15.—Thousands of people attended the Latter-day Saints' convention today. President Joseph Smith has not arrived, sickness having detained him. He expects to be here by Tuesday. Among the freshly-arrived prominent are: J. C. Crabb of Little Sioux, Joseph Sedden of Persia, David Chambers of Persia and R. Retenhouse of Kentucky. Rev. Mark Forsyth of Nebraska City, who has spent much time in the South Sea, preached this morning. In the afternoon at 2:30 o'clock Joseph Luff of Independence, Mo., delivered the sermon.

But on August 9 Glick told her that he wanted a little more delay. On August 12 he said that he had got the draft arranged for, and later that day she received a message from Glick, who told her that he had deposited \$100 to her credit. On August 14 another letter came, which said that he had suddenly been called to Reading by an attorney of the Philadelphia and Reading Railroad, who had a golden chance for him.

That was the last that Mrs. Sullivan had heard of her former boarder. He has never paid the \$130 or so of indebtedness, a great share of which was money collected from other boarders of Mrs. Sullivan's, whom he told he had been asked to their cash by Mrs. Sullivan to forward to her when she was out of town.

**GERE WHIZ!**  
J. W. Johnson Came, Sawed and Conquered—Likewise Danced.  
(REGULAR ASSOCIATED PRESS REPORT.)  
SEATTLE (Wash.) Sept. 15.—J. W. Johnson yesterday broke the world's record for the number of shingles hewn in a day, by finishing up 112,000 in ten hours. The work was done at Thompson & Folson's mill, near Hartford Junction. In the presence of a large number of witnesses. The material used was red cedar and the shingles were five-to-two, sixteen cleats.

The previous record was about 90,000 and the man who cut that number was borne from his machine completely exhausted. Johnson finished his work fresh and strong and, after supper, danced till midnight at a rustic party. He is from Antigo, Wis., and is 35 years old.

**HE FELL ON 'EM.**  
Half a Dozen Cattlemen Assaulted by a Madman.  
(REGULAR ASSOCIATED PRESS REPORT.)  
SALT LAKE (Utah), Sept. 15.—A specimen from Richfield, Utah, to the Tribune says that a story comes from Joseph City, Utah, of a thrilling escapade, engaged in by half a dozen cattlemen and a madman. The men were around a camp fire in the mountains when, without warning, they were fallen upon by a man who emerged from the rocks and commenced a terrible onslaught upon the men. After emptying his revolver, he grappled with the man nearest him, but was finally shaken off, after which he escaped to the timber.

It is thought the man's name is Bryan Ray, who was arrested last year in Gunnison, Colo., for a like offense. The man has terrorized the entire community and a posse is on his trail.

**THE PACIFIC ROADS.**  
Editorial Opinion of the Omaha Bee on the Subject.  
(REGULAR ASSOCIATED PRESS REPORT.)  
OMAHA, Sept. 15.—The Bee has a column editorial today, discussing the Pacific-railroad question and the probable solution of the intricate subject by the next Congress. The article is devoted principally to the possible future of the Union Pacific. After discussing the history of the road from its inception and the imperative demands for a change, the editorial refers to the numerous efforts of railroad men to wreck the property, and adds: "During all this time Congress has been sawing wood. The officers of the Federal government, who should have interfered to protect the government and move for the recovery of the property diverted and stolen, have not lifted a finger. The only thing attempted up to date is the suit in California against the Leland Stanford estate, and that has already turned into a farce."

"In dealing with the Pacific-railroad debt Congress should, as a preliminary step, require the Union and Central Pacific roads to be operated as one continuous line. It should first and foremost compel the Huntington syndicate, which controls the Southern and Central Pacific, to take hands off the throat of the Central Pacific and give it a chance to do business. As it now is, and has been for years, the Central Pacific is being starved to death and the Union Pacific is being seriously crippled by the policy which the Huntington syndicate is pursuing."

"Not only has there been a systematic diversion of freight from the Central to the Southern Pacific, but the whole road has been so financially neglected as to make it impossible for the Union Pacific to compete for the traffic from the Coast. The very latest effort to hamper the Union Pacific is the proposed abandonment of all but one passenger train between Ogden and San Francisco."

"At the same time the Southern Pacific has recently supplemented its passenger-train service with a new palatial coach, which is advertised to reduce time and afford luxurious accommodations. How can the Union Pacific be expected to operate expenses under such conditions, much less lay up a surplus to pay off its bonded indebtedness. Something must be done by Congress if the government's interest in the Pacific roads is to be protected, and the people in the central belt, who depend on those roads for an outlet to and from the Coast, are to have the transportation facilities to which they are entitled."

**A NEW MUNCHAUSEN.**

**AN AWFUL EARTHQUAKE WHICH DIDN'T QUAKE.**

**The United Press Story About Fire, Smoke and Lava and the Loss of Property and Human Lives Was a Little Fairy Tale of His.**

(REGULAR ASSOCIATED PRESS REPORT.)  
TEGUCIGALPA (Honduras, via Galveston), Sept. 15.—The statement that an earthquake had occurred on last Saturday, Monday and Tuesday, with a loss of three hundred lives, and causing the destruction of a church and dwellings in Tegucigalpa, so far as is known in Tegucigalpa. No such earthquake has been heard of here and the statements made in the dispatches are false in every detail.

The American public was electrified on Friday last, September 13, by a detailed report in newspapers served by the United Press, of a horrible earthquake which had devastated the little republic of Honduras, in Central America, and which, it was said, killed three hundred people, and caused the destruction of a church and dwellings in Tegucigalpa. This startling news was published under date of Tegucigalpa, the capital of Honduras, to which city it was alleged that news had been received by courier from the city of Cetapam, which, it was said, had been overwhelmed by successive shocks of earthquakes, bringing ruin and desolation. This story was constantly appearing in that city of damage in the surrounding country all day and night Sunday.

During Monday night, it was said, sheets of flame appeared at different points in the northwest. Tuesday night the shocks and flames made their entry into the republic and Monday a huge lower level, like a hall-storm, killing multitudes, and the bursting forth of flames and molten lava. The word-picture went on to depict the annihilation of the city of Cetapam. There was chronicled the destruction of seventy-one houses at Cetapam and 153 bodies were already recovered and many more missing.

Reports from many towns in the interior represented the disaster as spreading over a wide area on a very destructive scale. The Associated Press realized the importance of accurate information concerning so appalling an upheaval of nature and the destruction of human life, and immediately dispatched an inquiry to an absolutely reliable authority on the spot.

The harrowing tale had made its passage through Tegucigalpa, leaving no whisper or rumor behind. There were no people, no houses, no churches, no toppling church spires, and in short, no earthquake. The history of American journalism does not record another such bold fabrication of details, with so absolute a lack of foundation. In fact, not even the names of the localities given appear in any public gazetteer of Honduras.

**LONDON MARKETS.**  
American Shares Weak Because of the Gold Withdrawals.  
(REGULAR ASSOCIATED PRESS REPORT.)  
LONDON, Sept. 15.—(By Atlantic Cable.) There has been an increased demand for money in connection with the Stock Exchange settlement, but after a momentary rise quotations relapsed to the former level. There is a good prospective demand.

The American market was weak on a threatened renewal of the crisis through withdrawals. The heavy exports of gold lead to the belief in some quarters that a new bond issue is inevitable, and the attitude of the syndicate was regarded by many as being taken with a view to forcing an issue at an early date. Further advance in South American bonds, Argentine and Union Pacific preferred and Central American are attracting buyers.

**Crisp Denies an Interview.**  
ST. LOUIS, Sept. 15.—A special telegram from Athens, Ga., to the Republic says that ex-Speaker Crisp denies having declared for Whitney as the Democratic nominee for the Presidency, and he says he has not expressed preference for any one for that office.

**HEROIC DEEDS**

**To be Commemorated at Chattanooga.**

**An Unparalleled Event in the Country's Annals.**

**The Historic Field of Battle to be Dedicated as a Mammoth National Park.**

**Veterans of Two Great Armies Gather Under the Olive Branch on Ground Sacred Evermore.**  
The Memorial Work.

(REGULAR ASSOCIATED PRESS REPORT.)  
CHATTANOOGA (Tenn.) Sept. 15.—Under the guiding hand of the Secretary of War, acting under the authority of Congress, Chattanooga and the notable battlefields surrounding it have been prepared for a national event without a parallel. Great throngs of veterans who fought against each other are crowding into the city to take equal parts, under national enactment, in the dedication of the fields which their prowess made memorable, as a national military park, wherein the movements and the achievements of each side have received impartial attention.

As provided in the act of Congress, Secretary Lamont has invited the attendance of the executive department of the government and the members of the Supreme Court, Congress and its presiding officers, the lieutenant-governors of the army and the admirals of the navy, the governors of all the States and their staffs, and the veterans of the contending armies. All are to be prominently represented. Nearly every surviving general of the two armies has sent notice of his intention to attend. The governors of every State which had troops in the action have responded favorably to the Secretary's invitation. In a few cases the governors themselves will be prevented from attending, but their States will be represented.

A joint committee of twenty Senators and thirty members of the House will represent Congress. The members of twenty-six State committees who have been at work with the national committee in locating the lines of battle of the troops of their States, will attend. The Society of the Army of the Cumberland, of the Army of the Tennessee, the G. A. R., and the Association of Confederate Veterans will be present in unusual numbers. This official concourse is to be increased by a gathering of an army of visitors already known to be so great that it will tax the capacity of the railroad centering here and in the city to its utmost.

The Secretary of War and the national committee, acting under his direction, have made every possible arrangement which the expenditures authorized by Congress would allow to insure the comfort of the visitors, and through large and abundant citizens' committees, the city of Chattanooga has given itself up with energy and enthusiasm to the work of assisting the Secretary of War. Lieut. Gen. Schofield has cordially contributed every assistance which could be given from the headquarters of the army and the movement of regular troops from Fort Sheridan, Fort Thomas, Fort Campbell, Fort Mifflin and Fort Mifflin Barracks and Pensacola, presented an instance of rapid concentration of special interest. The telegraphic wires from Washington to the national committee, that district headquarters, batteries and squadrons had been ordered to move were scarcely received before dispatches arrived at park headquarters from each post that the troops were starting.

The park, which is to be dedicated to the memory of the battle, extends its approach from Sherman Heights in Tennessee, six miles north of Chattanooga, to Glass Mill in Georgia, a distance of twenty-two miles. The broad boundary which the two points is owned by the government, as part of the park, and it has full jurisdiction over this, over the fifteen miles square of the Chickamauga and over many miles besides of other approaches, which has been ceded to the government by the States of Tennessee and Georgia. The park is eight miles along Bragg's line of battle on the crest of Missionary Ridge.

It passes along the fronts of Sherman's army and the army of the Army under Hooker. It overlooks all the battlefields about Chattanooga, including Lookout Mountain, and runs for twenty miles through the center of the fighting ground of the three days' battle of Chickamauga.

Of the territory over which jurisdiction has been ceded to the United States for park purposes, ten square miles have been already purchased in a single block on the Chickamauga and on the Lookout Mountain. The government also owns the park on Orchard Knob, the headquarters of Grant, Thomas and Granger during the battle of Chattanooga, a tract eight acres in extent; fifty acres on the north end of Missionary Ridge, being the ground assaulted by Gen. Sherman and defended by Cleburne, and a tract of five acres on another portion of the ridge, marking the left of the assault of the Army of the Cumberland, from the position of the park. Congress has also authorized the addition to the park of Hooker's and Walthall's battle-ground, on Lookout Mountain. The government also owns the park on Orchard Knob, the headquarters of Grant, Thomas and Granger during the battle of Chattanooga, a tract eight acres in extent; fifty acres on the north end of Missionary Ridge, being the ground assaulted by Gen. Sherman and defended by Cleburne, and a tract of five acres on another portion of the ridge, marking the left of the assault of the Army of the Cumberland, from the position of the park. ## AMUSEMENTS TONIGHT.

BURBANK—Jane.  
 ORPHEUM—Vaudeville.

TO CORRESPONDENTS.—Do not depend upon the return of rejected manuscripts, but retain copies if you wish to preserve your contributions. Articles should be typewritten and MS. sent flat. Practice brevity and write plainly.

## THE GRAND CANYON.

The only authentic lithograph of Thomas Moran's famous painting of the Grand Canyon of the Colorado River may now be secured by patrons of the Los Angeles Times. The lithograph is on a sheet 42x27 1/2 inches over all, the picture itself being 32x24 1/2 inches in size. It may be seen at the counting-room of the Times, and is supplied to cash-in-advance-paying subscribers at the following rates:

	By Carrier.	By Mail.
THE PICTURE FREE with the DAILY one year for \$10.20	\$9.00	
THE PICTURE and the DAILY six months for \$5.90	5.90	
THE PICTURE and the DAILY three months for \$3.35	3.35	
THE PICTURE and the DAILY one year for \$10.20	2.10	2.10

The lithograph cannot be procured from any other source upon the same terms, and is not sold separately by us.

The old boys in the service used to sing a ditty that ran this way: "Beans, beans, it's nothing but beans. Beans, beans, it's nothing but beans. Beans, beans, it's nothing but beans. Beans, beans, it's nothing but beans."

For beans use "beans" and we have the situation with the present administration in a nutshell.

The English press criticizes Mrs. George because she failed to rise from her seat and to bow when introduced to the Prince of Wales. Mrs. Gould showed a level head, just the same, for an American woman is a bigger man than an English Tummy any day in the week.

All America will rejoice in the intelligence conveyed in yesterday's dispatches that the Defender will cross the big drink to race the tube of the Brits in their own waters. The mother country will then be able to see the difference between sports and quitters.

The Associated Press dispatch printed yesterday confirms the impression that the only use the English have for us is to acquire our girls and their fascinating similes. When it comes to the matter of yachts they get along without us for the next hundred years.

Just fancy—Sara Bernhardt doesn't like bloomers! But there is method in her protest, for were she to go sailing up the boulevard on a wheel the small boys would yell "hairpin!" sure, and Sara's feelings would be injured right smart. Sara is pretty cute, she is.

The settlement of the Mora claim, which has been hanging fire for more than a quarter of a century, promises to breed a crop of lawsuits as big as did the Fair will. It now looks as if Mr. Mora would have to whistle a while longer for his money.

There is a heap of trouble out at Winchester. They are short a good bass voice for the choir, and the Record is crying aloud in the wilderness for the deep-chested young men to come to the front and limber up.

A club has been organized in Washington to elevate the cake-walk to its proper place among society amusements. Just fancy Mrs. Vanderbilt, Mr. Belmont and the Duke of Marlborough doing one of them!

Ex-Consul Waller appears to be in for it, and the incident may be said to be closed so far as the French government is concerned. Mr. Waller was not satisfied to play in his own yard and must stand the penalty.

The new commander-in-chief, Walker, of the G.A.R. proposes to bring a test pension case, with the claim that a pension is a vested right. It is a move that should have been made long ago.

The only light reading in many of our exchanges are the baking powder announcements, printed in the middle of editorial pages. First of all, the thrilling advertisement!

Grover's sister repeats with emphasis that the prophet of fat has no use for a third term; and, come to think about it, it's just as well that he feels that way about it.

Crum, the Iowa cyclone of the cinder patch, was beaten on Saturday by a Boston bean-biter by the name of Waters. More trouble in the land of the wave-dwellers.

Derrant's maah, the lady of the sweet meat, has been located, and thus a dangerous link forged in the chain of

## ABSOLUTE DOMINION

## SON OF GOD OVER ALL THINGS IN HEAVEN.

What God Requires in the Perfect Man—Functions of Truth to Enlighten Reason.

Love Forces Us to Believe Immortality—Striking Characteristics of the Mind of Christ.

The Sons of God—Test of Christian Character—Life and Light in the Scriptures—Helplessness of Those Not Christians.

Rev. A. W. Wilson, bishop of the Methodist Episcopal Church South, preached to a large congregation at the Unity Church yesterday at 11 a.m.

After the opening prayer, Rev. T. J. Duncan, presiding elder of this district, the bishop read the scripture lessons, and then, taking his text from John xvi, 14-15, delivered a stirring sermon upon the absolute dominion of the Son of God over all things in heaven and earth.

The speaker began with a picture of the impressive scene of the utterances quoted, the disciples grouped around the table at the last supper; the contrast which prevailed until the traitor had gone forth upon his dark errand, and the glorious outburst of exhortation with which the apostles, magnified and comforted and encouraged his own, holding back nothing which they could bear, and arming them for their superhuman task of revolutionizing the world and of establishing human brotherhood upon a higher basis than any hitherto dreamed of.

Tremendous difficulties and disadvantages were to be encountered; persecution and martyrdom were to be the lot of all, but the great work of failure or disaster, for the great work belonged to the divine order of things, not to the achievements wrought by human hands.

In the promise that the Comforter would come into the world was foreshadowed the conviction of truth that would advance the world, and the light should be universal, and the truth of Christianity triumphant. At the end of the solemn warning and high exhortation, the speaker, in a series of assertions of the personality of the Son of God, and the startling utterance: "I am the way, and the truth, and the life. No man cometh to the Father but by Me."

Following out the train of thought, the bishop spoke of the transient nature of all philosophy, and of the vain striving of the human mind to attain to the eternal. He spoke of the eternal life, and of the eternal truth, and of the eternal love, and of the eternal peace, and of the eternal joy, and of the eternal glory, and of the eternal life.

According to the Orville Mercury Sacramento will hereafter be known as the Electric City.

What a pity Lord Dunraven couldn't get a yard over here big enough to play in.

The America's cup may now be put away in Mr. Tiffany's safe for another spell.

The Brits will now have a crime of 1895 to talk about.

Dunraven lost something besides the race—his temper.

The Valkyrie's goat didn't mascot worth a cent.

"Defender" was not a misnomer.

AT THE PLAYHOUSES.

ORPHEUM.—A fine list of comedy features are on the week's programme, which begins the evening at the Orpheum. It comprises Cobiello, the phenomenal king of the wire; Thomas C. Leary, the singing comedian; Scharr, the aerialist; Crimmins and Gore, the funny couple; Ed Adams, burlesque artist, and Gilbert and Goldie, in a new sketch, together with a farcical afterpiece by Dan Crimmins.

"Jane" is restored for a three nights' run at the Burbank, with Anna Parker in the title role, the latter part of the week to be taken by a second season of popular comedy, "The Colonel's Wives."

FORESTERS' PICNIC.

A Day's Outing Held at Sycamore Grove Yesterday.

Olive Social Foresters Club held its first annual picnic yesterday at Sycamore Grove. The club is composed of members of Court Olive, No. 761, A. O. F. of A. There were about seven hundred people who attended, and dancing as well as other diversions were provided for the entertainment of the picnickers.

A series of contests was held, which may be summarized as follows: Three-legged bicycle race, won by Gus Odmar and A. Bonner. Young ladies' running race, won by Miss Ethel Baldwin. Boys' race, won by Frank Hays. Football game, won by the Sycamore team. Potato race, won by Mr. Ruth. Bicycle race, first prize, G. Diller; second prize, W. Schmidt; third, E. R. Lubert; fourth, W. Campbell; fifth, J. J. Lang; last prize, A. Rivera.

The committee in charge of the picnic was composed of the following-named men: F. A. Campanazo, Max Roth, A. Meyer, E. Jacobs, William Schmidt, N. Landsberg.

COWBOY SPORT.

A Young Man Shot in the Ankle by a Companion.

About three weeks ago Harry Colley was a festive cowboy on a ranch between Ballona and Santa Monica. Employed on the ranch was a Mexican who was likewise somewhat of a cowpuncher. The Mexican one day thought he would have some genuine cowboy sport, so he cooked a beef, and commanded Colley to dance. The latter complied, but did not move his feet fast enough to escape the bullets which were aimed at his heels. One ball struck him in the ankle, inflicting a painful wound. The Mexican, realizing what he had done, lit out for pasture, but Colley had a doctor to dress his foot, but took such poor care of himself that pus gathered in the wound and he began to think he would lose his foot. Last evening he came to the City Receiving Hospital. Dr. Bryant made an examination of the wounded member and said the foot could be saved. Today Colley will be sent to the County Hospital to remain till his wound is healed.

It Was a Hit.  
 (Bakersfield Californian.) The Los Angeles Times publishes the best yacht-race cartoon of all that have been given. Its "Ludship" is depicted seated on rock, the Valkyrie between his feet, his face resting on both hands, and wearing the most disconsolate expression imaginable, while disconsolate are these words: "I don't want to play in your yard; I don't love you any more."

church. Common sense and reason teach that the wine of the Eucharist are not changed into the literal flesh and blood of Christ. Kings claimed divine rights, but the "king" is longer placed on the best trees in America. The colonies rose up in might and power and demonstrated that King George did not rule by divine right. Neither can any church, Protestant or Catholic, rise up and say with truthfulness, "We are supreme." The church that has the most of the spirit of Christ is the most supreme, though no one church has a right to lord it over another.

Reason can not altogether be the test of divine truth. One must enter upon a friend, Rev. Eli Fay, D.D., has just issued a pamphlet on "Reason in Religion," which contains many sensible ideas. The speaker, however, said that reason is the supreme and ultimate test of divine truth can not be sustained. Logic has its place. Reason is the test of the truth of the universe, and of the truth of revelation itself. Reason is not supreme, however, for the function of truth is to enlighten reason. Truth is the light of the world, and cannot be made to serve as a test of the truth of the universe, but it cannot become the truth. Finite man can not fully comprehend an infinite God. Man, by sin and error, has become a creature of the senses, and his reason is warped and his judgment unbalanced, consequently he must look higher for a guide.

Intellect and reason must not find out God; spiritual truth does not yield to logic; you can not measure perfume by a yardstick or music by a half-bushel. The truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. These all have their legitimate place and are not to be despised, but the truth of the universe is not a matter of steps and rational processes in the progress of the soul toward God and truth, but God is not found in the steps and rational processes of the intellect. THE WEATHER.

U. S. WEATHER BUREAU, Los Angeles, Sept. 15, 1895.—At 5 o'clock a.m. the barometer registered 29.55; at 5 p.m. 29.55. Thermometer for the corresponding hours showed 53 deg. and 70 deg. Maximum temperature, 79 deg.; minimum temperature, 49 deg.; character of weather, partly cloudy; barometer reduced to sea level.

The Times

ALL ALONG THE LINE.

So Sara Bernhardt is shocked by the abbreviated petticoats of the fair bicyclists, and objects to the men because they are immoral. The gift of a few feathers and a ton of sawdust might ease the fair Sara's moral anguish if she contemplates bicycling.

The murderer who hanged himself a few hours after the death of his victim, the other day, deserves a certificate of good behavior. If the eight now reposing in the County Jail would be equally considerate, the county would probably donate the rope and turn out en masse to the funeral.

The middle of September finds the Santa Monica Soldiers' Home with a new outside mark on membership, 1683. There are important improvements now under way, which will in a few months permit other admissions. These include a new kitchen, a seventh barracks building and an electric light plant. Company captains, too, have just been assigned to their assistants, with rank as lance corporals.

Humanity in the bulk is not beautiful, nor is it particularly amusing when it seeks a popular resort bent on innocent enjoyment of the hour. In large crowds humanity is even objectionable, and the ever-present spectacle of unmanly youngsters, funny mamma, couples fairly dripping with sentiment, and the eternally fresh youth who insists upon making himself heard as well as seen, in nauseatingly large quantities, makes the casual observer weary unto death of the ordinary human animal.

A fisherman at Ensenada, Lower California, has a novel way of capturing the huge green turtles which are so plentiful, as they float about on the lagunas sleeping at the surface of the warm water. A turtle cannot dive and swim downward without first thrusting its head toward the bottom of the sea. The wily fisherman quietly rows his flat-bottomed skiff alongside of a sleeping turtle without disturbing the animal. He then seizes the turtle's neck and forces the head upward. Consequently it is impossible for the turtle to dive and escape. It swims furiously. With his left hand the fisherman grasps the turtle's tail and thus guides it toward the shore. The turtle propels man and boat to the beach and meets its death.

The unfeeling public is apt to make disagreeable little remarks about the actions of certain members of the Board of Education in regard to ex-Principal Cates' report on last year's work. He reported that the individual system had proved a success. He was promptly asked by a member of the board, who said he represented the ruling sentiment, to withdraw his report. This means that the board is afraid to hear the truth. After two or three hurried visits, the investigating committee of laymen reported against individualism. After two or three months close study and careful observation, Mr. Cates, a teacher by profession, declared it an excellent thing. Whose opinion is worth more, expert's or amateur's? The school board knows what the answer to that question is, therefore its attitude on the report.

**A Chinese Physician Dies Suddenly.**  
Ching Lee Die, the Chinese physician, died suddenly yesterday afternoon at his home on the east side of Los Angeles street, a short distance south of First street. The deceased had been in ill-health for two or three years past, but for a few days had been feeling unusually well. As the death was unusually sudden, it was thought best to inform the coroner. The widow of the deceased is a white woman.

**Talk on Theosophy.**  
Abbott B. Clark of San Francisco delivered the second of his series of lectures at the Royal Bakery Hall, to a large audience last evening. The room was not sufficient room to accommodate all the people, and many were not able to obtain admittance. "Discontent in Society, Religion and Religion" was the subject of the evening.

**NOTICE.**  
To whom it may concern: Messrs. Ben E. Ward, Clay & Co., who have heretofore represented us in Los Angeles, having dissolved partnership, we have appointed Mr. Charles Van Valkenburg to the management of our business at this point.

In conjunction with him, Mr. D. R. Clay, formerly of the firm of Ben E. Ward, Clay & Co., will solicit business in our behalf. The offices of the companies will remain as before, at 123 W. Third street.

We take this opportunity of thanking the people of Los Angeles and vicinity who have done business with us heretofore, and we trust that under the able management of Mr. Van Valkenburg we shall continue to merit the confidence and patronage of the insured.

**General Agents**  
Phoenix Insurance Co. of Brooklyn.  
The American Fire Ins. Co. of Philadelphia.  
Pennsylvania Fire Ins. Co. of Philadelphia.  
Swiss Fire Ins. Co. of Göttingen, Sweden.

**MOUNT LOWE RAILWAY**  
The Alpine division of the Mt. Lowe Railway is now open from Beho Mountain to Mt. Lowe, Springs, among the fragrant and shady pines, covering the grandest of all mountain, canyon and valley scenery. This section is a mile longer than the entire Mt. Washington Railway, with fares at only one-third the cost. Weekly or monthly guests at Beho Mountain House will receive a rebate of all Mt. Lowe Railway fares. Rates as low as any other like accommodations. See Mt. Lowe Railway time-table this paper.

**SPANISH DAYS REVIVED, BULL FIGHTS**  
Gran Fiestridad, San Bernardino, September 15, 16, 17, 18. One dollar tickets to amphitheater for 50 cents at Southern Pacific ticket office. Trains leave Arcade Depot 3:45, 10:10 a.m. 2:15, 6:45 p.m. Round trip, \$2.35.

**BICYCLE SHOES.**  
The popular materials used in bicycle shoes are kangaroo calf, dogskin, genuine seal and kangaroo. If your shoemaker does not keep them, send \$2.50 to the Albany (Cal.) Shoe Manufacturing Company and they will send you a pair which for fit, style and service will be unsurpassed.

**Coffee.**  
If you are a lover of good coffee, get it fresh-roasted, Mocha and Java duff, from our Giant Coffee-Store, 222 Broadway, N. Y. City.

HERMOSILLO ORANGES.

A BALTIMORE FIRM GETS CONTROL OF THE CROP.

They Will be Shipped to Eastern Points for the Holiday Trade—Cost of Shipping—The Prices Paid.

Thomas Morehouse, the Atlantic Coast representative of the Southern California fruit exchanges, who has just arrived in Los Angeles from Hermosillo, Mexico, stated to a Times reporter yesterday that he had succeeded in buying up three-fourths of this season's crop of oranges at Hermosillo and Guaymas for shipment to points in the United States. On his arrival in this city from New York last week he asked the permission of the directors of the Southern California fruit exchanges to go to Mexico, under an arrangement he could make with some Eastern parties, to purchase the Sonora orange crop. He pointed out to them that as the Hermosillo and Guaymas oranges matured so much earlier than the Southern California crop, they could be shipped and marketed and got out of the way before any orange shipments were made from here. The directors saw no objection to his doing so. In fact they thought it would be a good thing to do, as it would prevent oranges from that part of Mexico being dribbled out on the Eastern markets at the time the oranges from Southern California were being marketed.

He reached Hermosillo on August 18 and from there went over to Guaymas. Before leaving he made contracts for about one hundred carloads, all of which were made for and on account of J. H. Seward & Co. of Baltimore, in whose name he acted and for whom the purchases were made. The total crop of Sonora for this season is estimated at 140 carloads. They are all seedlings, and, as he stated, would be of fine quality and desirable sizes. He speaks highly of the condition of the fruit as shown on the trees in the groves he visited; he also said the growth was well advanced and the indications were that the crop would be ready to market this year earlier than it was last year.

Under contracts he made growers will begin packing about October 10 to 15, and all are to be packed and shipped by December 15. The price is estimated at 140 carloads, per box, which is equal to about 54 cents American money. The size of the boxes is the California standard. These oranges are intended for the Eastern holiday trade, and as there will be but few, compared with previous years, on the market at that time in Florida or other places, the opinion is that these Sonora oranges will fetch good prices.

Last year before the Eastern holiday trade had opened up, and before the big freeze had struck it, Florida had shipped to New York and other Eastern points over two and one-half million boxes of oranges. Besides these large shipments from that State, there were also oranges from Mexico, Jamaica and Cuba on the markets, making in all over two million seven hundred thousand boxes. This year it is estimated that the shipments from all places prior to January 1, 1896, will not exceed 375,000 boxes, divided as follows: Florida, 1,000,000 boxes; Jamaica and Cuba, 125,000 boxes (east and west coasts); Mexico (east and west coasts), 150,000 boxes.

When Mr. Morehouse left Hermosillo the rainy season was about over. The rains during July and August had been very copious, and in the natural order of things in that section no more would have fallen until January or February of next year. This helps to make the packing season a favorable one, the nights being so dry and cool as to permit the fruit being left out without injury from dampness. This year no duties will be imposed by the United States government on the wood, that is to say the boxes in which the oranges are packed. That was formerly done, but when it was shown that the boxes were made of American wood, sent from the United States to Sonora, in shooks, the government issued instructions to allow the boxes to enter free. Nor is any duty imposed on the shooks going into Sonora by the Mexican government. The only duties now collected by the latter are 5 cents a kilo (about two and one-half pounds) on nails, and 10 cents a kilo on the paper the oranges are packed in. This is equal to about 1 1/4 cents on each box of oranges.

The United States duties on the fruit are 8 cents a cubic foot, and as the standard California box measures two cubic feet the duty amounts to 16 cents on each box of oranges. Broker's fees and consular papers make about 2 cents a box more. These charges, added to the Mexican impost, make total tax of 14 1/2 cents per box, not including freight. This latter is the same from Sonora as from Southern California, about \$1.35 per 100 pounds, equal to 9 cents a box to Atlantic Coast points. It may be mentioned incidentally that Mr. Morehouse was the first man to ship Mexican oranges from Sonora in American boxes to the United States. That was in 1884 from Hermosillo. The following year he made shipments from Hermosillo and Guaymas, and in both cases the shipments proved successful.

He says the oranges grown in Sonora are generally acknowledged to be the best grown in Mexico. There is one peculiar thing in connection with Mexican oranges, that is, he known and has been spoken of by dealers familiar with the oranges grown on the east coast of Mexico, that those raised on the bottom lands near the Gulf of Mexico are frequently wormy. The worm is of the same color as the fruit, and so small in its earlier stages of growth as to be barely perceptible to the naked eye. Under a glass it is easily discernible. It increases in size if the orange is allowed to over-ripen, and is described as a wriggler with a pin-pointed head. The supposition is that it is the product of a fly, peculiar to the low, warm, moist lands adjoining the Gulf of Mexico, which deposits its egg in the blossom and which later germinates within the orange. It is found on fruit grown on the higher lands. Examinations made by dealers show that the worm grows lengthwise with the tissue of the orange, instead of crosswise. This is an interesting fact which pomologists should inquire into.

Speaking of the soil of the valley of the Sonora River, Mr. Morehouse said it is admirably adapted to the growth of citrus fruit. He saw some lemon trees from buds brought from Riverside in this State, six years ago, on which there were at a fair estimate 1500 lemons to the tree. They were of the Lisbon variety. Limes also do well, especially the sweet lime. He thinks this latter could be grown successfully in Southern California, and that it would be liked for eating purposes, for in addition to its being sweet and juicy, it possesses in some degree the taste and aroma of the lemon. Here is a suggestion to the orange and lemon-growers of Southern California.

TOTAL ORANGE SHIPMENTS.

Statement of the Southern California Fruit Exchanges.  
The following official statement has been sent to The Times from the office of the Southern California fruit exchanges in this city. It shows the total quantity in carloads and boxes of oranges shipped from Southern California during the season of 1894-95, closing September 1. It also shows by percent-

CHAMBER OF COMMERCE.

A Rusty Old Gun of a Type Long Past.

The Chamber of Commerce turtle was walking round and round an old gun, with an anxious look on his face, Saturday afternoon. "I would like to examine it closely, but I'm afraid it will go off any minute. D. D. Bacon of Monrovia brought it up here today to show it to us. He's going to lend it as an exhibit, but he told us to keep it here in the laboratory a day or two, until he could take it to a gunsmith and have a charge taken out which became stuck two years ago. If we put it on display now somebody would surely kill himself with it."

"It's an interesting old gun. You see it's a muzzle-loader, and all rusted and worn by time. It came to California in '88, and nobody knows how many thousands of Indians and buffalo and rabbits it has killed. Mr. Bacon's mother was carried off in an Indian raid in Kansas only twenty-five years ago. A wild storm came up, and she and three other women captives escaped. They hid for hours in the woods near a river, and at last made their way home. Some of the women carried off in that raid were kept in captivity for many years. That's the kind of stories that old gun knows."

THE HUNTER INQUEST.

The Testimony Introduced Against McInerney Was Damaging.

The developments at the coroner's inquest yesterday afternoon over the remains of William F. Hunter, who was killed on Aliso street late Saturday night, make the case appear quite black for D. S. McInerney, who is in jail charged with the murder. The inquest was held at Kregolo & Breese's, and a number of witnesses were examined. The testimony for the most part was substantially as published yesterday.

The testimony of Colon, who is held as a witness, was strongly incriminating against McInerney. He stated that the fatal quarrel started in the saloon at the corner of Aliso and Center streets. McInerney and Hunter were the two principal participants, and in the course of the fight they gradually moved out of the saloon.

Hunter kept moving away from McInerney, and at the same time fought him. Finally McInerney drew a knife and struck Hunter a blow from the effect of which he fell. McInerney ran away and Colon stood by Hunter, helping to hold him, until he died.

Witnesses were also introduced who testified to the good character of Hunter and the bad character of McInerney.

The verdict of the jury was to the effect that Hunter came to his death by a knife wound on the left side of the neck, said wound inflicted by a knife held in the hand of D. S. McInerney with intent to murder.

Ran Away from Home.

Kate Collins is the name of a girl who ran away from her home on Winfield street Saturday. Her mother was much worried about her, and reported the fact to the police. Officer Talamantes saw a girl answering her description in company with a young man on Main street last night. The young couple admitted they were not married, but had been staying at the Pico House. The young man gave his name as Fred Hart. The officer took the girl to the police station, and from there she was taken home.

The October Delineator is so much better than any other number ever issued by the Butterick Publishing Co., that we call your special attention to it. The price is 15c, and it is worth every cent of it. Thoroughly reliable in every way. Fashion sheets free.

Plush capes are one of the best things on the market, \$7.50 to \$30. The \$7.50 plush capes are real plush, not a common velvet; they have a rich pile and are a fine article. Fuller skirted plush capes. A little longer with no better material, \$10, \$12.50 and \$15. Ladies who are thoroughly posted know that plushes will be more stylish than furs.

**Fur Capes** in the largest assortment, from the commonest kind to the richest electric seals for \$50. These fur capes are every one of them new; they have the fullness and the proper length. We are the only house in the entire city that did not carry over a single fur garment. This is important to you; you are sure of getting the very latest and of the most reliable sort. CLOTH CAPES, \$6 for a brand new article that cannot be duplicated elsewhere for one-third more; \$10 buys the choice of several lines of cloth capes that are exceedingly choice. Our cloak stock is now in a position to show the very latest in capes and jackets at prices far below the ordinary.

Not a Last Season's piece of black dress goods in stock; all new and at the new prices; 25c for all-wool serges, 35c, 40c and 50c for fine goods; 75c, \$1, \$1.25, \$1.50 a yard is the way we do the serge business; we carry all grades; navy blues as well, black brocades and small figures with a large assortment of stripes and small pin dots, 50c to \$2 a yard; for a real fine article we offer a small pin head dot raised upon a corded ground, the dot is pure mohair and has a superior finish to a silk and will give more than double the wear; about a dozen styles, ranging from \$1.50 to \$2 a yard; for 75c and \$1 a yard we show over 400 pieces in everything that can be called for in black dress goods. It is the largest black goods stock in this city today, and as every piece is new it is the cheapest.

SOME WERE OPEN.

SALESMEN THAT DISPENSED LIQUOR REFRESHMENTS YESTERDAY.

Here and There Throughout the City Saloons Were Closed—A Dry Sunday With the Exception of a Score of Open Saloons.

Yesterday was Sunday. The one hundred and seventy odd saloons that are headquarters for "wet goods" on ordinary days, are supposed, in obedience to an ordinance demanding such action, to be closed on Sunday. A goodly number of saloons, however, took a day off yesterday, but enough remained to make a very fair showing when a Times reporter made a little trip of investigation, to discover just who of the saloon men were attending strictly to business.

The suspicion that several of the saloon men were yearly tax of \$600 for the privilege of selling liquor to thirsty citizens, are in the habit of doing a fair day's business on Sunday, despite the ordinance by which liquor is forbidden to be sold on that day, was fully borne out yesterday by the investigation made.

There is a cozy little saloon on South Broadway, between First and Second, known by the sign over its entrance as the "Office" saloon. Yesterday the curtain before the glass doors was drawn back, giving the passer-by, who so desired, an opportunity to witness the interior of the saloon, and there, as a Times reporter chanced to be just that kind of a citizen, and stepping to the door, which was not locked, he applied his eye to the peephole, made by the pulling back of the curtain and watched the proprietor of the saloon pour from a wine bottle a glass of liquor, which, by the way, he nonchalantly leaned against the bar, swallowed with every manifestation of satisfaction.

Passing from this interesting exhibition, the reporter made his way to the bar of the Hollenbeck Hotel. The bar-room is connected by swinging doors with the saloon, and there, a small number of tables, where persons who desire to drink their liquor while sitting down can do so. A knot of men were grouped about the bar, and behind the counter stood an attendant, who was, in turn, assisted by two Chinamen. The reporter called for a glass of sherry at the bar, and was told to seat himself at a table, and the Chinaman would serve him with the wine. As the reporter possessed scruples in the matter of being served upon by a Chinaman, he left, without drinking the sherry, satisfied with the information that wine was, or would be, served from the bar of the Hollenbeck on Sunday.

The door of Ed Maxwell's saloon, on West Second street, swung to and fro all day yesterday, and although no drinks were served while the reporter had his optic glued upon the scene.

The saloon of C. Bauer at No. 243 South Spring street, was open yesterday without limit. The fact that Mr. Bauer has a restaurant license in connection with his saloon gives him no warrant for his saloon being open on Sunday, which he did yesterday and is said to do every Sunday.

The Turn Verein saloon, on South Main street, ran in full blast yesterday. Thronged of thirty men filed down the steps of the place, consumed all the liquor they wished and then filed out, wiping their lips with evident satisfaction. Not the slightest attempt at concealment was made in this saloon in the matter of selling drinks over the bar. While the reporter sat at a table, in the short space of ten minutes, over twenty drinks of various kinds, ranging from whiskey to beer were dispensed. If a man disliked to drink at the bar, a little room was ready for him where the strictest privacy was given him while he looked upon the flowing bowl and incidentally swallowed its contents.

The saloon kept by Mr. Salter, at No. 214 South Main, was open throughout the day, and is open every Sunday. No drinks are served over the bar here, but there are small rooms in abundance, where liquor is served and drunk by the customers of the place. The saloon at the northwest corner of First and Los Angeles was filled with men throughout the day and the festive "click" of the cash register which could be distinctly heard from the outside, was indicative of the rushing business being carried on in the saloon. The "pressing" saloon, on Sixth and Spring street, was not open to the amateur would-be drinker, but that the saloon was inhabited was evident from the conversation and laughter which proceeded from within.

At the Oak Bar saloon on the west side of New High street, a short distance south of Temple, the front door, the side door and the rear door were all shut and bolted as tightly as if no one ever thought of opening them. Close to the rear door, however, three men who said they had tried to get in and obtain needed refreshment, but had been unable to do so. One would have thought the Sunday-closing law was being observed with puritanic severity had it not been for certain unseemly noises coming from glasses within. A knock at the door failed to get any response, but after a minute or so there appeared at a nearby window a vision of the face of a man with a white coat such as is usually worn by a bartender.

Possibly in honor of the day he was attired in the white garment with a view to being prepared for his final ascension, should occasion demand, but, to the worldly vision, it looked as if he were ready to receive cocktails.

Finding the front doors unlocked at the Elmerich saloon on North Spring street, the reporter thought he surely must have found an open and notorious violation of the Sunday-closing law. Within it was seen there was a big sign over the bar saying it was closed. The thirsty soul who would find refreshment at this place only by running at a table and permitting a tid bit of some eatable to be placed beside his beer or other beverage.

The saloon at the northwest corner of Main and Temple streets was closed; that is, the front door was closed and curtains closely drawn made it appear there was no one within. At the rear entrance the situation was different. A locked screen door kept the inquisitive without, but the door proper was ajar and a knock brought out a man who was in his shirt sleeves. No clinking of glasses was heard within, but it seemed strange that a saloon-keeper should choose to remain at a saloon on Sunday instead of going out for recreation.

passable barrier between a thirty man and a drink.

A similar state of affairs, minus the big cloth, was to be witnessed in the saloon at the northeast corner of Alameda and Aliso streets.

A winding path led to the bar of the Stranbourg Hotel on Alameda street. Two men, who had come in advance of the reporter, ordered something just as the latter entered. They were standing at the bar at the time, and two glasses of a fluid which looked like beer, and which had the regulation foam, were promptly put upon the bar and promptly emptied down two parched throats. Meantime, the money was paid, and the men walked out and away.

As has been before published, the power to compel observance of the Sunday-closing law lies largely in the hands of the Police Commission. A saloon-keeper will not sell liquor on Sunday to a policeman in uniform, nor in his presence. The policemen are so well known to the saloon men that most of them will not sell liquor to any of the officers without uniforms and would not sell to one of them nor in his presence. It is, therefore, very difficult and almost impossible for the Police Commission to obtain conviction of Sunday-liquor selling in the courts.

The Police Commission has arbitrary power to revoke any saloon license at pleasure, and may therefore do so on evidence which, although satisfactory, would not be recognized in the courts.

REDLANDS, Sept. 15.—(Regular Correspondence.) The Redlands Cycling Club held a meeting Saturday night, at which the action of the proposed three-lap track was brought up and thoroughly discussed. The site which the club hoped to secure is the four-acre tract belonging to Mr. Taylor, situated between the Santa Fe Railroad and Lugonia Terrace, and north of the city's present track. The plan is to incorporate with a capital stock of \$5000, divided into two hundred shares of \$25 each. These shares will be sold on the following terms: 10 per cent. cash, and the balance in thirty installments of 50 per cent. in ninety days. The property can be purchased for something like \$3000. A grandstand is erected to seat in the neighborhood of three thousand people, dressing rooms, etc. In the interior there will be football, baseball and tennis grounds, and the whole tract will be inclosed with an eight-foot board fence.

On Saturday night Marshal Kendall and Constable Cerna arrested two Mexicans in Old San Bernardino, who answered to the description of two of the four men who robbed a man of \$15 South Spring street Wednesday night. Sheriff Newman of Chino was notified by telephone of the arrests, and he is expected to come and take charge of the prisoners.

Alfred C. Williams has returned from a few days' trip to San Diego.

"Manual for the Public Schools of San Bernardino County, California," is the title of a neat pamphlet just turned out at the Pac office. The number issued was 800, and the work is creditable to the overseer, J. P. Durbin.

The regular services began at the Presbyterian and Congregational churches today. Rev. Stephen G. Emerson of Moreno preached at the latter church, where J. H. Stewart, the pastor, at the Presbyterian.

REDLANDS, Sept. 14.—(Regular Correspondence.) At Friday afternoon's session of the Christian Endeavor Union, following the reports of delegates on "What Are We Doing for Missions?" Miss May Wilbur read a paper on "Boston Convention Through Junior Eyes," which had been prepared by Ethel Smith of Riverside. A "Talk to Juniors" was given by Rev. Mr. Burr of Ferris. He admonished the young people to have convictions on temperance and missions and to love Jesus Christ.

C. B. Morris, Esq., of San Bernardino, chairman of the Committee on Business, gave notice that at the next regular convention of the union a motion would be made calling for a convention to be held annually, and that, if possible, such meeting be held on September 9. The secretary and treasurer made a report, after which an executive committee was appointed. Leonard Moore of Cucamonga gave an impressive address on "Personal Work," which was followed by an open parliament on the topic, Miss A. L. Hayward of Ontario read an address on "The Endeavor and Missions." Gerard Bailey of Los Angeles presented the themes, "Am I a Debtor?" He said many were called to work for Christ. "Everything must be laid on the altar. If we want to know we are chosen of God we must come in a spirit of consecration. We must come in weakness, and He makes use of even that." Evangelist C. S. Mason of Los Angeles gave a "Report of the Boston Convention," which was interesting, inspiring and helpful.

The evening and closing session was held in the Methodist Church, there being in attendance from 500 to 600 people. "Christian Citizenship—Fast Accomplishments, Present Needs—The Possibility of the Christian Endeavor Union Forwarding such a Movement" was the main topic of the evening. The first speaker was J. R. McCartney of Redlands, and he entered into the subject with a good deal of earnestness and zeal. The first part of his address was historical, and was calculated to inspire to love of God and love of country. He quoted the ten commandments, of which William G. Clark, the Parkhurst of Chicago, is the author: (1.) Thou shalt be an intelligent citizen. (2.) Thou shalt be a virtuous citizen. (3.) Thou shalt be an active citizen. (4.) Thou shalt employ thy voice and thy pen as well as thy vote. (5.) Thou shalt cast ballot with thy primary, at the caucus, at the convention if sent there, as well as at the polls. (6.) Thou shalt resist the forces of political corruption. (7.) Thou shalt not the inveterate force of political corruption. (8.) Thou shalt not be a slave to thy party. (9.) Thou shalt protect the free American institutions, the free school, press and ballot and freedom of religion. (10.) Thou shalt battle against the infamy of the liquor traffic.

"Let us see to it that we have law, and that we have law enforced. Let us not have a single law on our statute books which is not enforced," urged Mr. de Kay of Santa Monica followed by Mr. McCartney with an able address, and this was followed by an open parliament on the topic, "The Christian Endeavor Union." Fred Cattle of the Arlington Presbyterian Church, Riverside county, was elected to the position.

conducted a consecration service. It was voted to hold the next convention in Riverside. The congregation sang "God Be With You Till We Meet Again," and one of the most profitable conventions ever held by the union was closed.

SAN DIEGO COUNTY.

To Bore for Oil at Point Loma—News Notes.

SAN DIEGO, Sept. 15.—(Regular Correspondence.) An oil well is to be sunk on Point Loma by a man named McIntire, an experienced miner and a Los Angeles oil man. Attention was directed to the possible existence of oil on Point Loma by a Mexican who found a kind of inflammable rock near Ocean Beach which he burned in place of coal. McIntire found samples of the stuff, which proved to be asphaltum. He also secured a bottle of crude oil which percolated from the western side of Point Loma into the ocean. The fishermen of this spot say that on calm days they have noticed oil on the surface of the water thick enough to be skinned from the water. McIntire expects the well-boring machinery to arrive early this week and that the well will be sunk by the end of the month. Dr. Crandall is another man interested in seeking oil on Point Loma. Samples of the oil thus far obtained show it to be susceptible of refinement into illuminating oil.

It appears that the Southern California Mountain Water Company which recently offered to give the city its rights in Moreno reservoir, does not yet own a clear title to that property. It has begun action against Thomas R. Cameron to condemn his land for use as part of this reservoir.

Gen. Spears of Duluth, Minn., has bought the Wilson place at Pacific Beach and will occupy it in November.

Joe Banks, suspected of committing the double murder at La Flores, near Oceanside, has been lodged in the County Jail. No conclusive evidence that this man committed the murder is at present announced.

The body of Capt. Johnson, who was drowned in the bay on Admission day, has been recovered.

The schooners Chirico and Josephine have arrived from Lower California with gunnery. The Rosena, bound from London to San Diego, with cement for Spreckels, has been so long on the voyage as to cause much comment and the belief that she has met with weather. She has been expected to arrive for weeks. As there is practically no Portland cement now to be had in the Southern California market the delay of the vessel will cause a loss to the consignees of thousands of dollars. As cement is now beginning to arrive in San Francisco which will be shipped South.

Co. A, First Infantry, U.S.A., Capt. Frank de L. Carrington commanding, camped at Pine Valley on Saturday on a practice march to the Alpine.

H. P. Wood is attending the National Irrigation Congress at Albuquerque as one of the State delegates appointed by Gov. Budd.

Gen. E. C. Humphrey has returned from Lower California where he has been inspecting mines.

Col. Elmer Otis has gone to Kingman, Ariz. Dr. George E. de Schweinitz, a surgeon of Philadelphia, is visiting this city.

Beecham's pills are for biliousness, bilious headache, dyspepsia, heartburn, torpid liver, dizziness, sick headache, bad taste in the mouth, coated tongue, loss of appetite, sallow skin, etc., when caused by constipation; and constipation is the most frequent cause of all of them.

Go by the book. Pills 10¢ and 25¢ a box. Book free at your druggist's or write B. F. Allen Co., 365 Canal Street, New York.

Annual sales more than 6,000,000 boxes.

Our long experience enables us to treat the worst case of wasting drain with ABSOLUTE CERTAINTY OF SUCCESS.

No matter what your trouble is, come and talk with us. You will not regret it.

123 SOUTH MAIN STREET.

Fairly jumped into success—Pearline. Right from the very start. Notwithstanding all these hundreds of years of precedence behind that old-fashioned, back-breaking way of washing with soap, too.

Now, why was it? Why is it that hundreds of millions of packages of Pearline have been used in the few years since this washing-compound was invented? Just do your washing and cleaning with Pearline for a month, and you'll see.

It takes away the rubbing, but without any risk of harm. That puts it at the head of every known aid for washing.

Mrs. J. M. Erdman of No. 323 South Spring street, having returned from the East, will have her fall and winter millinery opening Monday, Tuesday and Wednesday, September 16, 17 and 18. Ladies of Los Angeles and vicinity invited to attend.

Mr. Samish of San Francisco, the well-known china decorator, has opened his studio with Messrs. Bros. Nos. 124-140 South Main street, and is now prepared to give lessons in the latest styles.

Mrs. L. Barr has purchased Mrs. M. S. Stephenson's dining parlor. They will be opened at 6 o'clock dinner, Monday, September 16. No. 225 South Hill street.

Dr. Montgomery removed to his new office, Fourth and Broadway, rooms 14 and 15, Pirtle building. Residence, No. 933 South Broadway. Telephone 1139.

The funeral of Miss Caroline Nash was largely attended yesterday afternoon, at Howry's funeral parlors, Fifth and Broadway.

Dr. Chapman has moved his office from Arrowhead Springs to the Byrne Block on Broadway and Third.

Catalina Island—Fast time and close connections, via Terminal Railway. See time tables in this paper.

The Choral Society of St. Paul's Church will meet this (Monday) evening at 7:45 o'clock.

Mr. and Mrs. Rubo, vocal teachers, have removed to No. 2404 West Seventh street.

Dr. Paul H. Bresse, Pirtle Block, corner Fourth and Broadway. Telephone 1133.

Oysters and clams on shell. Special breakfast, 25 cents. Hollenbeck Cafe.

The Los Angeles public schools will reopen today. There will be no recitations today, as the teachers will be busy examining children who have just come to Los Angeles, or who have made up work during the summer.

It is expected that work will be begun today on turning the Grand-avenue line into an electric road. The Los Angeles Railway Company intends to relegate all the out-of-date cable cars into the darkness of the past by January 1, 1896.

The ordinance prohibiting the shouting in front of stores of goods for sale has gone into effect.

Cable dummy No. 157 was moving from East Los Angeles toward town last night when, as the car was going up the viaduct the grip broke and the car backed rapidly down the steep grade. Some of the passengers were a good deal frightened; and though one woman jumped off while the train was yet in motion on the viaduct, no one was hurt.

#### PERSONALS.

Mrs. H. L. Story is visiting Dr. Clarke at No. 1012 Beacon street.

A. Schoemaker and wife of Chicago are at the Westminster.

J. F. Bannick and wife of San Francisco are at the Nadeau.

J. P. Eric and wife of New York are staying at the Hollenbeck.

Henry E. Hume, a young capitalist of Chicago, is staying at the Hollenbeck.

James M. Hasson will return to Paris today, after a week spent in Los Angeles.

A. G. Fruhling and bride, who were married Saturday evening, are domiciled at the Westminster.

C. H. McEveety and son and A. J. Salsbury of Santa Paula are among the guests at the Hollenbeck.

Mr. and Mrs. Percy Hoyle of London, Eng., and E. Petrie Hoyle of El Toro are quartered at the Westminster.

Mrs. J. Ross Clark, who has been absent in Butte, Mont., for the past three months, has returned to her home on Grand avenue.

#### Water Suit on Demurrer Today.

The case of the Crystal Springs Land and Water Company and S. G. Murphy vs. the City of Los Angeles will come up on demurrer in the United States Circuit Court today. The suit is one which involves the question of the city's right to water in certain land which is in what may be considered the river bed, not far north of the city. It is expected the suit will also involve the city's right to percolating water elsewhere in the valley, through which the river runs. The attorneys for the plaintiff are Stephen M. White and Chapman & Hendrick. The City Council has engaged Lee & Scott to act as attorneys for the city in the case. The complaint in the suit was filed December 14, 1893 and the defendant's plea and demurrer were filed March 28, 1894.

#### Started to be Good.

The people of Los Angeles city and county started in to be good yesterday, after the wave of crime that swept over the community last week. There were booked at the police station Sunday from 4 a.m. till midnight, only two prisoners, both for intoxication. At the County Jail the only arrivals were two Chinamen, Wong Fong, and Wong Hung, brought from Riverside by a deputy United States marshal, for being unlawfully in the United States.

#### Acted Queerly.

About 11:30 o'clock last night Officer McGraw found an old woman on First street, who was acting very queerly. As she could give no account of herself, other than to say that she was Mrs. McLain, she was taken to the police station and locked up for the night on suspicion of being insane.

#### When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

#### IN SOCIAL SPHERES.

The wedding of Miss Lillian Werth, daughter of the Rev. Dr. and Mrs. F. A. Werth, to Albert G. Fruhling, last evening at the residence of the bride's parents on South Broadway, was a charming affair. The ceremony, which took place at 6 o'clock in the presence of only the relatives and most intimate friends, was performed by the Rev. L. Lavery. The bride, a lovely girl of the blonde type, was a winsome picture in her gown of soft pearl white, with garniture of pearl passementerie. She carried a cluster of white carnations, tied with long bows of white satin ribbon, and in her hair, and upon her left shoulder were caught knots of the carnations and ferns. Her only ornament was a necklace of pearls, the gift of the groom. The bridesmaid, Miss Abby Mildred Gilman, wore a dainty gown of white mulle, trimmed with white tulle, and carried a broad white satin ribbon. She carried a cluster of pink carnations and maiden-hair ferns, and the same flower was fastened with the fern in her hair. The position of best man was filled by Ed Fruhling. As the bride party entered the drawing-room, Miss S. I. Morgan rendered the Mendelssohn wedding march at the piano, and later that from Lohengrin. A supper was served immediately after the congratulations. The table was prettily decorated, the center being occupied by a graceful epergne filled with flowers, and roses, carnations and potted ferns were arranged artistically down the length of the table. In the drawing-room, potted palms and begonias were used with charming effect, and the wedding took place beneath a bower of smilax, surrounded by potted palms. In the hall masses of peepersprays were used about the doorways. During the evening, delightful music was rendered by Mrs. Fruhling, Miss Morgan, Miss Gilman and Dr. Werth. Quite a number of beautiful gifts were received. Mr. and Mrs. Fruhling will leave today for New York, where they will reside this winter. The following summer they will make an extended trip through Europe, and Mrs. Fruhling, who possesses a charming voice, will continue her studies in Italy.

#### NOTES AND PERSONALS.

Mr. and Mrs. Percy Hoyle arrived yesterday and are at the Westminster. Bishop A. W. Wilson of the Methodist Church is at No. 1225 West First street, where he will remain for two weeks.

#### WITHDREW HIS REPORT.

Individualism is a Forbidden Word in School Circles.

Mr. Cates has withdrawn his report, and the school board is again happy in an untroubled belief in its own deep wisdom.

Mr. Cates wrote his annual report the week before commencement. Nobody came to get it, or even asked for it, so Mr. Cates laid it away until it should be wanted. Then came the shake-up, and everybody was so excited that reports were entirely forgotten. A few days ago Superintendent Foshey sent word that Mr. Cates's report was awaited with long expectancy. The ex-principal told Mr. Foshey that if he was willing to accept it just as it was, with its date of June 7 upon its head, he was welcome to it. Mr. Foshey read it, and scratched his head, and suggested a few slight changes in phraseology.

Mr. Cates was entirely willing to make the changes, so Mr. Foshey accepted the amended document, and put it on file.

Certain members of the school board chanced upon the report, and when they found that Mr. Cates declared that the individual system had given much satisfaction, and that the whole tenor of his remarks was to the effect that the trial had proved the great value of the system, they were filled with indignation. The all-knowing school board, whose members knew so much about individualism that it had not even been necessary for them to read Mr. Cates's pamphlets of explanation, had declared the individual system a delusion and a snare. Yet Mr. Cates, a man who gave all his time to educational work, who knew nothing about the system except what he had learned from close study and from actual experience as a teacher and a principal, this mere pedagogue, had the presumption to say there was good in the system.

Several members went to Superintendent Foshey and asked him to tell Mr. Cates to withdraw his report. Mr. Foshey refused. He declared that he had accepted Mr. Cates's report, and as far as he was concerned, it should stay accepted. Then, Saturday afternoon, a prominent member of the board went to Mr. Cates and asked him, not officially, but as representing the majority sentiment of the board, that he should withdraw the offensive report. Mr. Cates consented, and peace smiled once more.

#### POISON VICTIMS.

Funerals of Thompson and Martin Largely Attended.

The funeral of William J. Thompson, late Santa Fe station agent at Downey-avenue station, who drank poisoned wine, intended for a colored chair-car porter, took place yesterday afternoon at Kregel & Bresse's undertaking parlors. It was largely attended, the members of the Royal Arcanum, Ancient Order of United Workmen and Telegraphers' Union, to all of which he belonged, turned out in force. The members of his family, a number of friends from Glendora, where he was formerly station agent, were also present. Chaplain Fuller of the Royal Ar-

canum conducted the obsequies according to the ritual of that order. A double quartette furnished the music. The remains will be shipped to Chicago Tuesday morning for interment.

The funeral of O. L. Martin, the other Santa Fe employee who was poisoned at the same time as Thompson and in the same manner, called together a host of friends. The services were held at the home of the deceased at Glendora Saturday afternoon, under direction of Citrus Lodge, No. 287, L.O.O.F., of which he was a member. The lodge attended to the number of sixty. Dr. Henry Cox made a short and very interesting address, preceding the exercises of the lodge, after which the cortege formed and marched to the grave at Fairmont Cemetery and the casket was lowered, covered with dozens of wreaths. The brethren each cast a sprig of evergreen into the tomb as the closing ritual was read by the noble grand. Never in the history of the valley has a funeral brought out more general and heartfelt tributes of respect to the dead.

#### Excellent Reasons for It.

There are excellent reasons why the readers of the Times should all use Tip Top Cough Syrup. The first reason is because it cures coughs and colds better and quicker than any other remedy. The second is because it's the most pleasant to take. Third, it's absolutely safe. Fourth, it's the cheapest because it's the best. Aren't these reasons enough to justify a trial? Price 50c. All druggists sell it.

No Causeless Growth.

That this store has come to be the fountain head for gloves is no accident. The better quality, the better service, the better fit, the vaster assortments have won you all. Let us glove you today.

## The Opening Today.

Imported Pattern Hats and our own creations. A display that will easily distance any millinery carnival we have ever held. Every woman is most cordially invited.

Lud Zobel,  
The Wonder Millinery,

219 S. Spring st.

## BAKE A BATCH OF BISCUITS

With one quart of flour, two roundings of baking powder, and one teaspoonful of salt, mix with cold milk to make a soft dough. Roll slightly, roll out about half an inch thick, and cut with a small biscuit cutter. Place a little space in a greased pan, and bake in a hot oven for fifteen or twenty minutes. These biscuits should be a delicate golden top and bottom, light and airy, and more white than broken open.

The secret of success in this recipe, as in others, is to use but two-thirds as much Cottolene as you used to use of lard.

**Cottolene**  
will make the biscuit light, delicious, wholesome. Better than any blanch you ever made before. Try it. Be sure and get genuine Cottolene. Sold everywhere in tins with trade-marks — "Cottolene" — and stars' head in cotton-plant wreath — on every tin.

THE S. A. FARMER COMPANY, ST. LOUIS, MO.

## Drs. Wong & Yim, SANITARIUM

NERVOUS AND CHRONIC DISEASES quickly cured without the use of poisons. Four thousand cures. Ten years in Los Angeles.

Los Angeles, Cal., Aug. 16, 1895.

To whom it may concern: I came here a very sick man from liver and kidney troubles. After taking about 20 doses of Dr. Yim's medicines, now I feel that I am a well man. I recommend Dr. Yim's treatment to all who may be afflicted as I was.
